

SERIAL MURDER

[verse 1]

Daylight breaks, the city awakes
The thread of time that is so fine
Daylight comes, well, the city drums
Beat the ritual murder of our time

[chorus]

A second glance, a circumstance
Oh, it's an alibi thin as the air
A second chance, an over the shoulder glance
Well, it's serial murder I swear

[guitar solo, over chords of the verse]

[verse 2]

Savage rush, the manic crush
The grope of day has its way
The savage stir, well, the manic blur
Will wear out the welcome of its stay

[chorus] / [c part] / [bass solo, over chords of the verse]

[verse 3]

Surreal will reign, the real will drain
The thread of time that is so fine
Surreal will hone, the real will drone
Of the ritual murder of our time

[chorus]
