

SUNSHINE

[verse 1]

Sunshine, will you be mine?
Until the end of time, or at least the end of the day?
Good luck, will you be kind?
To me and mine, and everyone I've forgotten?

Here's hoping, that the clouds will break
And we'll be "on the take" of the wealth to imbibe
From the sunshine ... It will ease my mind
Like a cold drink will on a hot summer's day

[chorus]

Do you hear me? Do you hear what I say?
Go away, go ruin another day.
Are you tuned in? Do you hear me when I say?
Go away, just once I'm having my way.

[verse 2]

Up on Cloud 9, that is where I'll find
The peace of mind and the will to go on
Despite the grey day, which'll have its way
As it often will; it'll push you right to the edge

I look up, as the clouds roll by
It's just a matter of time before they're run off and again we gain
The sunshine, will you be mine?
Until the end of time, or at least the end of the day?

[chorus]
